

AGOSTINHO RIBAS

Cambridge, UK

CYBERSECURITY ANALYST

infosec@agostinhodigitalninja.me

SECURITY ANALYST | SOC L1 | INFOSEC | SECURITY ENGINEER | BLUE TEAMER

QUALIFICATION SUMMARY

I'm a highly skilled and adaptable professional with a decade of teaching experience. I have a strong passion for Infosec and have sharpened transferable skills such as attention to detail, problem-solving, and the ability to work under high pressure. My journey in the realm of computer science and programming has led me to develop a keen interest in cybersecurity. I'm now eager to transition into this field and am particularly interested in joining a security operations center (SOC) as a Tier 1 Analyst. Thank you for reviewing my resume!

- | | | | |
|----------------------|--------------|-----------|----------------|
| ✓ Incident response | ✓ Python | ✓ Tcpdump | ✓ GDPR |
| ✓ Security hardening | ✓ SQL | ✓ Snort | ✓ OWASP |
| ✓ Cloud security | ✓ Kali Linux | ✓ Splunk | ✓ Mitre Att&ck |

RELEVANT PROFESSIONAL EXPERIENCE

Teacher 2016 - Present
Vision for Education Cambridge, UK

- Orchestrated seamless collaboration across 10 departments, enhancing inter-school synchronization for streamlined operations and improved efficiency.
- Empowered 30 students with comprehensive knowledge of 'Online Data Security,' fostering a cyber-aware culture within the community.
- Produced insightful half-term reports, providing a comprehensive overview of student progress, grades, development, and participation, fostering effective communication between parents and the school.
- Revolutionized PE classes by strategically integrating cutting-edge technology as pedagogical tools, including pedometers, heart rate monitors, health-tracking applications, video resources, and data analysis. This innovation elevated the learning experience, fostering holistic student development and engagement.

ADDITIONAL EXPERIENCE

Forge - Cybersecurity Job Simulation 2023
PwC Switzerland Remote

- Completed a job simulation involving cybersecurity for PwC Digital Intelligence, gaining experience in understanding and explaining the concept of integrated defence.
- Developed expertise in integrated defence strategies and their application in real-world scenarios.
- Conducted risk assessments and formulated security recommendations for a client.
- Demonstrated proficiency in cybersecurity terminology, network segmentation, and firewall configuration.

Cybersecurity Virtual Experience Program Mastercard

2023
theforage.com

- Completed a job simulation where I served as an analyst on Mastercard's Security Awareness Team.
- Helped identify and report security threats such as phishing.
- Analyzed and identified which areas of the business needed more robust security training and implemented training courses and procedures for those teams.
